Summary

Third-year IT student with a strong interest in web development, data analytics, and emerging technologies.

I enjoy building creative and user-friendly applications that solve real-world problems while continuously learning new skills. Beyond academics, I love exploring innovative tech projects

Education

B.Tech Information Technology

Sri Manakula Vinayagar Engineering College (SMVEC)

Expected Graduation: 2028

CGPA: 8.48/10

10th: 80/100

12th: 91/100

Technical Skills

- Programming Languages: Java, Python, C
- Web Development: HTML, CSS, JavaScript
- Database: MySQL
- Tools: VS Code, Figma(Basics)
- Soft Skills: Problem Solving, Teamwork, Communication Skills, Quick Learning, Time Management

Projects

Expense Tracker using n8n

- Developed an automated expense tracking system using n8n to record and manage daily expenses.
- Automated expense categorization and data storage using workflows.
- Generated reports to help users monitor and analyze their spending.

Portfolio Website

- Developed a responsive personal portfolio website.
- Showcased projects, skills, certifications, and contact information.
- Built using HTML, CSS, and JavaScript.

AI Project Idea Generator

- Built a full-stack AI project idea generator with Node.js, Express, Google Gemini API, MySQL, and responsive UI
- Implemented intelligent fallback handling, automated database persistence, and robust error recovery mechanisms.

Certifications

- Programming in Java
- Python for Data Science
- AWS Cloud Fundamentals

Languages

- Tamil
- English
- Hindi
